25X1 9. [] In connection with the correspondence to
Admiral Taylor from [] requesting a
25X1 meeting during his stay in Washington tomorrow, a message was transmitted
[] that the
Agency was no longer in the business of subsidizing students and did not use
them for intelligence information. []
had conveyed this message to [] who appeared to accept it without
further persistence.

25X1 10. [] Received a call from Marion Brewner,
in the office of Senator Mark Hatfield, regarding the crash of an Air America
STAT plane carrying a number of AID educators in Vietnam. Miss Brewner said
that [] brother of one of the passengers, wanted some of the
details concerning this flight. I suggested Miss Brewner contact Mr. Sam
Dillon, Legislative Liaison at AID. Miss Brewner thanked me for putting
her in touch with the right people.

25X1 11. [] Talked with Jay Sourwine, Senate Internal
Security Subcommittee staff, advising him that the language which he had
proposed to add to Senator Eastland's defector bill, indicating that this legis-
lation in no way impaired the authority of any agency, was acceptable to us.
I emphasized that we were dealing with him on an informal basis in this regard
and I could not predict at this point precisely what kind of formal report the
Agency would make on the bill, but anticipated it would be a "no objection"
reply.

25X1 12. [] [] called to advise me that,
at the request of AEC, he was performing a security review of the testimony
of representatives of the Livermore and Los Alamos Laboratories before
Senator Gore's Disarmament Subcommittee. He said AEC had already made
some deletions in the transcript and he was making additional deletions. He
merely wanted to let us know what he was doing. I suggested [] that in
his dealings with AEC on this, AEC should make no mention to the Foreign
Relations Committee staff that this Agency had participated in the security
review. If the question arises, it may be suggested that the Committee
submit the transcript directly to the Agency for such review.
